Judging Experts...

UN-HUM . . . Preparing up for the International Collegiate Flower Judging contest at Penn State University are Ray Houston, instructor-coach, Harold Hanks, Robert Brown and Keith Keppel. The team will compete with other colleges in judging commercial grades of cut flowers and potted plants. (Photo by Paul F. Grill)

Flower Judges Head for Nationals

Three Ornamental Horticulture students and an instructor left by plane last night for the International Collegiate Flower Judging contest at Penn State University today.

Ray Houston, OH instructor and coach of the team, will accompany Harold Hanks, OH junior; Robert Brown, OH sophomore and Keith Keppel, OH senior, to the contest sponsored by the American Society of Florists in conjunction with Pi Alpha Xi, the national floriculture fraternity.

Students earn the privilege of attending the contest through competition in a course in flower judging here. Competition covers commercial grades of cut flowers and potted plants. Hanks, Brown and Keppel were top students in the course, with Bob Franchetto, OH sophomore, runner up and alternates on the judging team.

Last year Cal Poly's judging team placed fourth in a field of 16 colleges. Students are only allowed to compete in the contest once, thereby enabling new students to compete each year.

Study Fellowships Offered in Canada

Five new fellowships for study in Canada in the fields of the arts, humanities, and social sciences for the academic year 1959-60 have been announced by the Institute of International Education. Application deadline is April 15.

The scholarships are offered by the Canada Council for the encouragement of the Arts, Humanities, and Social Sciences. The stipend is \$2,000 for the year plus round-trip travel. The Council may consider renewing an award for another year upon evidence of satisfactory work.

Applicants in the arts may be artists, scholars, musicians, writers and teachers who have shown exceptional promise in their work. Candidates applying for academic study can do so only for work leading to a master's degree or the equivalent. Awards for academic study will be made subject to admission to a Canadian university. Students applying for institutions where French is spoken must demonstrate a good knowledge of the language.

Application forms may be secured from campus Fulbright advisors.

Live Latin Rhythm Promises Swinging Saturday Night Affair

The junior class will sponsor a spirited record and live entertainment dance this Saturday night in the T.C.U. from nine until midnight. The theme will be "Latin rhythm" and will feature instruction in Cha-Cha, for those who are interested, as well as a live Latin rhythm session to supplement the recorded music. The musicians are Latin American students and their efforts promise to make the event, according to Al Boyce, junior class president, "a very swinging affair."

Model Plane Meet At Poly Airstrip

The third model airplane meet of the year sponsored by Cal Poly's student branch of the Institute of the Aeronautical Sciences, will be held Sunday, April 12, at the Poly airstrip at 8:00 a.m.

The meet has been enlarged to three contest events with the addition of a control-line stunt event to be judged on the basis of the old Academy of Model Aeronautics pattern.

Other events will be: towline glider, 150 feet maximum towline, and 1/4 "A" class free flight, 15 second duration. Prizes for the three events will be given, courtesy of Mary's Hobby Shop. Student branch chairman Bob Mohr invites all modelers to come out and fly any type of model.

Cadet Inspection Brings High Ranking Officials

Three high ranking army officers will comprise an inspection team which will visit Cal Poly April 13 and 14 as part of the annual command inspection of Sixth Army units. Three officers are Col. William S. Bodner, professor of military science and tactics at U.C.L.A.; Col. F.S. Wright, Jr. deputy G-3 of the 15th Army Corps; and Lt. Col. J.J. D'Enteau, G-3 section, 15th Army Corps.

These officers will be honored at a luncheon April 13 with Dean Harold Hayes, Dean Ray Anderson, and other college officials in attendance.

Besides inspecting the cadet ranks, the officers will review the administration of the military department, training program, and all government equipment assigned to the unit.

Wake Up And Read

Special displays in the Cal Poly library to celebrate National Library Week, April 12 to 18, will feature this year's theme, "Wake Up and Read." The main reading room will display books and publications written by members of the Cal Poly faculty and staff.

Sponsored by the National Book Committee in cooperation with the American Library Association, this week has become an important event throughout the country in the publishing and library worlds and is a reminder of the parts libraries have in community development and individual growth.

Two Seniors Mentioned In National Science Foundation Fellowship

Stillman G. Chase and John A. Mehrtens, Electronics Engineering seniors, have both received honorable mention rating in connection with their application for a National Science Foundation graduate fellowship.

The honorable mention list containing the names of applicants considered worthy of support but to whom awards could not be made was published nationally on March 15. Both industry and graduate schools make use of this list in actively seeking outstanding graduates.

Alpha Phi Omega Gets Twelve New Members

Twelve students have been initiated into Alpha Phi Omega, national service fraternity of former Boy Scouts and Explorers.

The Cal Poly chapter, Zeta Omicron, is one of 275 chapters in colleges and universities in the United States and one of 14 in California. The service group is active in the community with improvement projects, charity drives and assists in scouting activities.

Initiated are: David Ashby, Pasadena; Thomas Bragg, San Mateo; Robert W. Cole, Jr., Alameda; Thomas Eastman, Sacramento; Vincent Fleming, Monterey Park; Philip Flintzer, Hempstead, N.Y.; David Gorbat, Compton; Robert Howell, Redlands; Wayne Malone, Fullerton; Michael Mirata, Tiburon; Stephen Ryan, San Diego; Gary Tecklenburg, Lodi.

SAC Limits Campaign Funds; Sets Fall Homecoming Date

A new section to the campaigning rules for student body elections which limits campaign funds, including gifts, to \$50 was approved at Tuesday night's student affairs council meeting. Also approved were three new codes, one club constitution, the dates for the 1959 homecoming, and the appointment of Dick Robkin to the elections committee.

Three new members to the council were approved as the first item of business. These included Dick Flaherty replacing Roland McGee, Engineering council representative; Karl Walts replacing Herman Farlough, Arts and Sciences council representative; and Paul Wilson replacing Jack Carlson, College Union program board chairman.

The measure to limit campaign funds was presented along with the complete set of campaign rules as recommendation of the elections committee. The amount was left to the discretion of SAC which set the limit at \$50.

While the council wished to curb the possibility that the fund limit rule might be abused, they did not wish to hamper a candidate who, through his own capabilities, could produce campaign materials at a cost less than that commercially produced. The question was settled by the following addition to the fund rule:

"All candidates shall be required to submit a list of campaign expenditures to the elections committee prior to elections, including receipts; expenditures to include any contributions of a professional nature." This was approved on a roll call vote, 14 yes, two no, and four abstaining.

An attempt to reverse the decision of the council when the complete campaign rules were brought up for approval met with defeat. An amendment to delete from the rules the section covering campaign funds fell to 12 nos, seven yeses, and one abstention. The complete rules were passed by a vote of 20 for and none against with one abstention.

Codes that were brought up for approval were the Agriculture council code, an awards amendment to the Music board code, and the Model United Nations by-laws. The by-laws for Chi Alpha, the Assembly of God religious organization, was also approved.

Oct. 24, 1959, was approved as the date for next year's homecoming. This is the day of the Fresno State football game.

Poly Vue Festivities April 10, 11 at K-V

Kellogg-Voorhis' answer to Poly Royal—Poly Vue—will be held Friday and Saturday, April 10 and 11. Exhibits will open at 1 p.m. Friday.

Featured event of the afternoon will be a baseball game with La Verne College. The "kick-off" dinner for student and staff Poly Vue workers is to be held at 5:30 p.m. with President and Mrs. McPhae and the Kellogg-Voorhis queen and her court in attendance.

Saturday features will include campus tours, citrus judging contest, horsemanship, deep pit beef barbecue, music program, invitational track meet, tennis match and coronation ball.

Tonight's Movie...

Tonight's College Union movie, shown at 7 & 9, will be "The Tender Trap," starring Frank Sinatra and Debbie Reynolds.

The technical movie tells the story of a playboy (Sinatra) who finds himself engaged to two girls at the same time. "The movie is very enjoyable and full of laughs," promises Film Committee Phil Ritterband and Martin Fligoten, who will be glad to take your dimes this, or any other, evening.

Delegation goes to U N Conference

Thomas F. Nolan, international relations instructor, will travel to the University of Southern California campus on April 22-25 with seven Cal Poly students for the Model United Nations.

The delegation from Cal Poly will represent Peru in the discussions to be held at USC. Each of the seven delegates will take one of the current problems of international peace and security and draft a resolution in answer to that problem. These drafts are to be sent to the Model UN ahead of time. After the delegates arrive he will speak and work to get the support of resolution by the Model UN.

Some of the topics to be discussed during the session are: Question of South Africa, Question of Berlin, Intervention in Iraq (conspiracy by UAR to overthrow the regime, hostile propaganda, support of rebel forces) and other topics of current importance.

The delegation from Cal Poly consists of Robert Holley, Bruce Butzbach, Robert Downey, Marvin Horton, Donna Smith, Robert Adolph and Conrad Bryant. Nolan is advisor to the group.

Student Teachers Get Spring Placement

Student teaching assignments for spring quarter have been announced by Irwin Willson of the Education department, co-ordinator for the activity.

Val Pilaria and Louella Ormonde will teach second grades, at Alvin Ave., and Frances Judkins schools, respectively. Also at Frances Judkins will be Jackie Cline, who will teach sixth grade. Lenore Cline will have the first grade at Grover City Elementary School.

At Shufelmer sixth grade is Allen MacDougall. Harry Ashworth sixth grade, Fremont; Joseph Incandella, also sixth grade, Pacheco.

Evelyn Lawder and Carol Hord will teach first grades at Quintana and at Morro Union Elementary, respectively. Carlene Yowell, Teach School, sixth grade. In both second and third grade will be Verna Corriker at Hawthorne. At Morro Union Elementary will be Patricia Korshell, fourth grade and Ellen Kishiyama, third grade.

Poly Royal Brochures Issued Here Monday

Poly Royal brochures will be out for the students on Monday, April 13 in the basement hall of the Administration building. The brochures must be addressed and returned to the issuing desk not later than Tuesday, April 14. Four brochures will be issued to each student with an A.S.B. card.

SENIORS!

Any seniors who have paid fees and haven't picked up class cards may do so in the ASB office, says Dan Haley, senior class president.

Last But Not Least

LAST day to drop classes without penalty will be Monday, April 13.

LAST day senior projects will be accepted without penalty will be Thursday, April 16.

LAST day to file for June commencement will be Thursday, April 16.

ALL AMERICAN . . . Gene Lens, left, shows Coach Dick Anderson proof of his swimming ability. Lens was named to the All American swimming team for the second straight year and was the only American placing in the top four in the 1800 meter swim at the NCAA tourney. Photo by Grillo

Poly Swimmer Receives Second National Title

Gene Lens, Poly swimming star and one of the outstanding American distance swimmers, has been named to the 1959 All-American swimming team by the college swimming coaches of America.

Mustang Coach Dick Anderson says the honor is the second for Lens who earned All-American recognition last year while in his junior year.

Lens, from Santa Maria, earned the honor for his outstanding performance in dual meets and in the National Collegiate Athletic Association championships held recently at Cornell University in Ithaca, N. Y.

The Green and Gold swimmer was the highest-finishing American in the 1800-meter event, finishing third behind Bill Stewart from Michigan State and South Africa and second-place John Urbansook who hails from Hungary via the University of Michigan. Fourth place was Balazs Gyoryffy of Hungary who is attending Yale University. Lens finished fifth this year in the 440 freestyle event.

Over the past three years, Lens has practically rewritten the Cal Poly swimming record book. Of the 19 records listed, he figures in 18 individual and relay marks. He also holds five state college swim standards.

Although he will have completed his swimming eligibility this year, the Santa Maria youth has another year at Cal Poly before he completes work for a degree in architecture engineering.

Volleyball Champs? Sign Up Next Week

"Anyone interested in entering the intramural six-man volleyball tournament, April 27, 28, and 30, should sign up next week," says Earl McMahon, tournament director. A sign up sheet will be posted on the bulletin board in the gym April 18-17.

McMahon indicates the tourney will be a double elimination type. This means a team must lose two matches before it is eliminated, and makes it possible for a team to lose the first game and then go on to win the championship.

Each match will consist of the best two of three games. Trophies will be awarded to the champions.

Wrestlers Honored At Annual Banquet

Four trophies were awarded varsity and junior varsity wrestlers at their annual barbecue held at the Poly Grove Wednesday.

The Leo Carano trophy, for the wrestler making the most team points during the season, went to Tom Hall. He also won the Most Valuable trophy donated by All-American Sporting Goods.

Don Hagadorn won the Fastest Fall trophy with his 31 second pin over a Stanford opponent. Ben Pas received the Bob Chentley trophy for being the outstanding freshman wrestler. (Bob Chentley, class of 58, wrestled three years at Cal Poly without winning a match. To be remembered, he donates a trophy each year.)

The team members also elected Pat Lovell as next year's team captain.

Teemen Seek Sixth Win at Santa Maria

Coach Charles Hanks' golf team hosts the Los Angeles State Diablos on the Santa Maria Country club course this afternoon.

The match will be a non-conference affair since the Mustangs already scored a 32-22 victory over the Diablos in their regular CCAA meeting last weekend. In another match last weekend, the Mustangs ran over Long Beach State 49-5 to up their seasonal record to five wins and one defeat with two wins and a loss in CCAA play.

Fresno State, undefeated in CCAA play, holds down first place while San Diego State ranks second. The Mustangs are third.

Hanks' squad for the Los Angeles State match will consist of Ron Ankrom, Dick Callin, Owen Silke, Dan Prochnow, John Quinn and George Montalvo.

DiGiovanni Numbered With High Scorers

Since 1947 there have been but 18 cagers who have scored 800 points or more during a season.

Hank Moroski, one of Cal Poly's all time greats tanked 885 points in 1947-48. Little Bob Coghlan totaled 804 for the same season.

Following Moroski's and Coghlan efforts were 13 others ending with this year's Vic DiGiovanni who totaled 815 for a year's work. Other names familiar to Mustang basketball fans are Ed Nichols, Doug Strathern, Algin Sutton, Joe Aguilar, Dave Ziemer, Larry Madsen, Ernie Hall, Jim Crookam, Len Oswald, Theo Dunn, Atwood Grandberry and Mike Simmons.

Scoring the most points for a season is Theo Dunn, who is expected to be back in the lineup next fall after a stint in the armed services, who tallied 442 points for an average in 29 games of 15.2—the top average among those hitting the charmed "800" circle.

Netters Face Warriors After Fresno Defeat

After dropping a close one to Fresno State last Tuesday, Poly tennismen will be out to repeat an earlier 6-3 victory over Westmont today at 1:00 p.m. in Santa Barbara.

The Mustangs won three of five singles to lead the Bulldogs 3-2, but lost both doubles to lose 4-3 in a non-league match.

Coach Ed Jorgensen plans to take a five-man squad southward to play the five singles and two doubles matches. Pacing the club will be number-one man Don Lord. Others making the trip are Tom Lingham, Roberto Bonifas Tom Darnell, Gary Longenecker and John Sanford.

Horsehiders Head South For Next CCAA Action

Opening CCAA play last weekend in fine fashion, the Mustang baseballers plunge again into conference action, meeting San Diego State, today at 8 p.m., and playing Long Beach State tomorrow in a 12:30 p.m. doubleheader. This past weekend saw the local nine of Coach Bill Hicks down Long

Beach State, 8-7, and split a Saturday twin bill with defending champion San Diego State. Mustang hurler Dan Haak shutout the visitors 2-0, in the first game, and the Antecs salvaged the split by taking the seven-inning tilt, 8-3.

The green and golders face the Mouthland journey without the services of Hicks who underwent an emergency appendectomy operation this past Sunday night. Until the baseball master's return, former-Mustang diamond coach and currently the boxing tutor, Tom Lee, will fill in for the recuperating chief.

The weekend's victories bring to 6-11 the Mustangs' win-loss record. The Hickson have a 4-1 record in practice games against two-year colleges, and against scheduled competition, have a 5-10 win-loss standard.

Haak is pacing the Poly mound staff with a 1.17 ERA mark, established on 25 innings of work. He has a 2-0 record, while lefty Dave Regalillo has chalked-up a 3-1 hill mark. Regalillo's ERA figure reads 6.21 while 1958 All-CCAA right-hander Jim Newkirk is having his troubles this spring. The veteran moundman has worked 27 2/3 innings and has been touched for 31 earned runs. He has walked 36 batters but has whiffed 16 opponents. Regalillo is the strikeout leader having fanned 23 enemy hitters.

Outfielder Bob Williams is the club's top regular hitter. He has a .308 mark for 39 at-bats and has hit in seven consecutive ball games. The Santa Maria junior has driven in eight runs but yields the RBI title to first sacker Carl Underwood (.856), who has 10 RBIs to his credit. Pitcher Regalillo hit a pair of homers against Long Beach this past week to bring his season total of fourmasters to three, which is top on the team.

As a team the Mustangs are

Spikesters Visit Bay Area For Triangular Meet

Light workouts are slated today as the thinclade prepare for a triangular meet in San Francisco tomorrow against Los Angeles State and host San Francisco State.

The trackmen this past weekend easily outscored Whittier, 80 1/2 to 49 1/2, but I.A. State defeated Santa Barbara, 88 1/2 to 48 25 1/2, this past week, which indicates the locals will have to put forth their best efforts of the season to take Saturday's event.

Coach Jim Jensen indicated Vic Hall, a standout all-around performer, would be concentrating on the 100 yard dash, 220 and 220 low hurdles in the running events and either the broad jump or the high jump. The coach also said Hall would be running the 440 occasionally to keep in shape for relay work. In the past, Hall has participated in almost every running event, but will be readying for the conference meet and other coast affairs as the year progresses.

Mormon Victors—Gauchos Victim

Mustang mormon made it four straight wins as they aplashed out a 58-27 victory over the University of California at Santa Barbara Gauchos Wednesday in a dual meet there.

Without the aid of Gene Lens, Coach Dick Anderson's crew dominated the meet winning eight of the ten events. Lens remained home in order to rest from his recent NCAA competition.

The victories were among the team members with no one winning more than one event.

The Frosh aplashers almost duplicated the varsity's meet by downing Gaucho Frosh 58-23 that same day. The junior mormon also won eight of the ten events.

Al Grey set a new Frosh record in the 200 yard breaststroke by taking four tenths of a second off the old record he set just a week ago.

OUT OF THE DIN

Contributions to "Out Of The Din" should not exceed 175 words. Editors reserve the right to edit and/or condense all letters received and to decline publishing letters that are, in the opinion of the editor, in poor taste or libelous. All communications must be signed by the writer. If a nom de plume is desired as a signature, it is permissible, but the editor must know the true name of the author.

Wow!

Dear Sir,
Do you get that dull, drab, lifeless feeling when you read El Mustang? Do you find the articles uninteresting, pointless, and unrelated to reality? Perhaps the editors are suffering from iron deficiency anemia, characterized by lack of iron in the backbone.

After waiting countless weeks for the first exciting issue of our wonderful rag this quarter, we were confronted with the usual mish-mash interspersed with such interesting information as how much wax it takes to keep good ol' Poly's halls spic and span. The editor's mention of the puppetry indulged in by various SAC advisors was a brave stroke in the right direction, but he should keep in mind his own little Punch and Judy group. Is it expecting too much to hope one day for a crazy, unpredictable, leonoclastic, ruffish, irreverent issue in the best traditions of yellow journalism?

Well, anyway, the Linotype operators get a lot of good practice and the paper is absolutely tops for wrapping garbages!

Not very sincerely yours,

Ten to One? . . .

As every night we sit at home
Staring at four green walls,
We wonder what is wrong with us
And why nobody calls.
Sometimes our buzzers ring, we
jump

And haven't been out in ages
But no, it's only a mistake
Or else some drippy boy.
The boys that date at Poly
Are really quite courageous.
99 per cent of them sit at home,
And haven't been out in ages.
The blind dates we go out with
Are seldom merely blind,
They're short and fat and ugly
And usually out of their mind.
We're sad we came to Poly
With its multitude of men(?)
We'll be glad when we leave Poly,
And can start dating again

A Nony Mouse

Who Knows? . . .

To the Editor:

Does anyone have any idea what kind of a pattern is being used to rotate the registration schedule? A comparison of the fall, winter, and spring schedules makes one wonder.

Dairy Products Supplied
By Dairy Husbandry Students

"Cal Poly students consume 11,600 gallons of milk each month," said Kenneth Boyle, Dairy Husbandry instructor, in a recent interview. He commented that this fact puts quite a responsibility on the shoulders of the Dairy Department.

This department supplies the cafeterias with milk, Boyle continued, and El corral with milk, cheese, and ice cream. "We don't have the storage capacity to handle the cafeteria's ice cream and cheese," he said.

The milk comes from the project and foundation herds, which are handled by the Dairy Husbandry students, Boyle asserted. It is then processed in the campus creamery by students.

Any money made from these operations reverts to the Cal Poly foundation, Boyle explained. The foundation then lends the money to students to buy one or two cows apiece. The loans are handled like bank transactions, with the students paying a set amount of interest and sharing in any profits.

Chess Club Host In Tournament

The Poly Campus was host to a chess tournament held last Saturday, with 9 colleges competing at the meet. San Diego State walked away with 1st and 3rd place honors for their school.

Norbert Kaltoff, Robert Matsushige, Mike Zimmerman, and Don Lima represented Poly in the tournament, which was sanctioned and recognized by the California State Chess Federation.

Following the meet a banquet was held in San Luis Obispo, with several of the local merchants donating trophies and additional prizes.

"An estimated 100 entries are expected for next year's tournament," disclosed Don Lima, club president, "and Poly will again host the tournament."

Students Average Age Is 22.9

The average age of the new and returning students examined at the beginning of spring quarter by the Student Medical Service, was 22.9 years. Although ages of the students ranged from 17 to 49, 132 of them were 27 years or less. The group included 80 veterans. Twenty-three per cent of the students examined were married.

Teachers' Confab Held Here

"The Role of the Cooperating Teacher" was the theme of a Teacher Education Conference held here yesterday. J. Cordner Gibson, Cal Poly's Planning Committee chairman, gave the opening remarks and introductions at the general assembly, and Robert E. Kennedy, vice president of the college, gave the greetings. John Riebel of the English department presented a talk on "How to Write Letters".

Four workshops were held with such topics of discussion as: "Teachers in the Primary Grades", "Teachers in the Intermediate Grades", "Teachers in Secondary Grades", and "Teachers in Agriculture".

English Lab Open

Students deficient in English are urged by the English Department to obtain assistance in a lab CU-R, opened April 6. Staff members are available to students for consultation from 8 a.m. to 4 p.m., Monday through Friday.

Students do not have to make an appointment to obtain the services of the English lab. They may drop in at any time.

K-V Enrollment Climbs

Enrollment for the spring quarter at the Kellogg-Voorhis campus stood at 1,304. The figure was slightly higher than that for the winter quarter.

Illinois won the 1958 NCAA fencing championship.

Faculty Appointments Announced by McPhee

President McPhee announced State Board of Education approval of the second series of four-year appointments for 193 employees here and at Kellogg-Voorhis. The first series of four-year appointments for employees of the college, made last September, included 27 instructional department heads of principal rank who had served a minimum of seven years at Cal Poly. This group has served since that date as the President's Advisory Committee studying procedures and criteria for making further four-year appointments. President McPhee made his second-series of appointments on the recommendations of this committee.

Mein Kempf

by Dave Kempf

Names you'll be hearing a lot in the next week are Ric Berndt, Ed McGrew, Bob McCorkle, and Herm Farlough. Berndt and McGrew are running for ASB proxy while McCorkle and Farlough are looking for the vice-president's job. No interest shown for the secretarial position. President Don Roberts nixed rumors this week that he would seek re-election.

Just a word to the married students from Harold Coffin in the Wall Street Journal: "One picture that's worth a thousand words is that snapshot of your old girl friend when your wife finds you still have it."

Insurance companies have seen the light! California is now a trial state on a program of giving special rates to careful drivers. Not having an accident or a moving violation with in the last three years entitles a driver to special insurance rates. May 1 is the beginning date.

Didja ever wonder where all the money goes that we pay for parking violations? Well, the more than \$2000 they take in every year is idle for two years, then goes into a general student body fund. Seems like they could put that cash in a scholarship fund and help some of us needy students through. They'd probably get it back anyway.

The one thing we've found more disgusting than the amount of advertising in El Mustang is the amount of advertising we sit through at the local theatres after paying a green to see a movie.

When they clean up around here they do a bang-up job. Somebody put some muscle behind the mop and gave the grounds around the Farm Shop the sparkle job. They did too good a job, though. Seems a number of Homecoming floats bit the dust.

Movie cinemogul Phil Ritterband came bounding in the office today pointing to an advertisement in the "Spartan Daily" which listed the campus movie "Seven Brides for Seven Brothers" for only 25 cents. Said Phil, "We're one up on 'em. We showed that last year for only a dime." However, a little later the local movie magnate was mumbling something about a Home Concert cutting in on his profits this week.

Study Tour Speaker To Address Public on 'Revolution in Asia'

An American Friends Service Committee report on problems in Asia will be heard by a public meeting Sunday evening, April 12, 7:00 p.m., at Wesley Hall, 1616 Fredrick Street. Robert S. Vogel, who recently returned from a study tour of India, Japan, Hong Kong, Thailand, and East Pakistan for the Quaker organization will discuss "Revolution in Asia: Threat or Promise?" in an illustrated lecture sponsored jointly by Wesley Foundation and the Religious Society of Friends.
